**RE: Protocol No.: 90/138-DF Battaglia-Ward**

Dear Bishop Grahmann:

As you are aware during 2003 and 2004 I wrote to Ms. Margaret Gilett and yourself (about 8 different times) about obtaining a copy of my submitted FORMS FOR ANNULMENT and an attached document, a Certified Court Reporter's Transcript, which recorded my former wife's sworn testimony before a Dallas Family Court Judge, Carolyn Wright, that she did in fact get pregnant with my child while still married to her husband, attorney James (Jimmy) Norman Clayton, III, and that she did in fact submit knowingly false documents to a Dallas County Family Court Judge and commit perjury in the documents that she attested to and her sworn testimony she gave in front of said Judge in Dallas County in the year 1985. On December 14, 2004 you wrote me, " The only other documents in the case file are the Petition for Investigation of a Marriage Bond and the one page Absence of Form Petitioner's Questionnaire. We are not at liberty to send those to you."

On November 14, 2005 Deacon Don Forbrich provided me with those two same exact FORMS in my request to annul my marriage to Ms. Mary Jean Pearle. Could you please explain to me the logic or reason for denying me the copies of these forms from my marriage to Ms. Ward and not to Ms. Pearle when it literally is an issue of my "LIFE" being taken illegally by the STATE of Texas. Thank you, Sincerely,
